| 407 | Suspicious Activity | 16-Dec-08 | Reported | | | At about 5:15 pm this evening on Kiawah River Drive, right past Moss Landing (going toward Central Park) my friend Mark who was walking my dogs, was approached by a young Hispanic boy about 12-13 years of age. He was about 5'4-5'5 wearing a white t-shirt with a design and wearing dark pants. He was also carrying a large backpack and had a cell phone in his hand. The boy asked Mark these questions: If he lived around here and Mark stated, being vague, around the corner. He then asked if Mark had a car. Mark stated "no" he was dropped off and was out walking his dogs. Told Mark that he needed a ride and that he would do "anything" for a ride. He stressed "anything" then told Mark that he was bi-sexual and he had done everything. Mark stated that he (the boy) needed to call his parents. The kid then asked if (pardon me for saying this) if he could touch his "dick". Mark then looked at him and started to walk away and told him he needed to have a little more self-respect. The boy then asked him what his dogs names were, Mark made up some names. | Kiawah River and Moss Landing |
